Product description

Wire Cage Pallet Collar-1200x800x1000mm – Galvanised, Used – rent

Used foldable and stackable metal wireframe pallet collar is galvanized, 1000mm high and is suitable for all of our Euro-format pallets. The grid mesh size of the wire is 100x100x4mm. This wire cage pallet collar also features a folding window on the long side. Because this pallet collar is foldable, you can save space if it is not in use during return transport or in storage. If this metal pallet converter is placed on your pallet, you can easily stack another pallet on it. Transport inside and outside the EU is possible, it does not contain any heavy metals.

Placing goods in a pallet collar is a practical and efficient way to safely store your products. At Rotomrent you can rent pallet collars, check out our extensive range here. Do you have any questions? Feel free to contact us!
